

2023 Future Ashe Program / Ages 5 & Up

The NJTL of Trenton Ashe Program was created to provide year-round opportunities for players who show commitment and dedication to an opportunity for challenge and growth in both tennis and academics. The program offers a long-term supportive environment and structured pathway to opportunities for students of all ages. The goal is to challenge and develop successful students academically in their preparation for higher learning and in their reaching their individual highest skill level both on and off the tennis court. When joining the Ashe Program you are making a commitment to both the NJTL of Trenton academic enrichment programs in addition to the tennis program.
